When delivering materials it is important to:

- 1) specify the issue and page number where the advert is to be placed.
- 2) give the file a unique, recognizable name for example using company or product names, eg. Asperin_52011 (NOT eg. Sydänääni2_2018!)
- 3) notice that the industry member announcement, also when it is used for product safety information, is delivered to the Finnish Cardiac Society, not the printing house!

10. CANCELLATIONS

No later than 1 month before the material deadline in writing (e-mail) to the Finnish Cardiac Society.

Cancellations 1 month before material deadline are free of charge. After this, before the material deadline, the cancellation fee is 50% of the ad rate. Cancellations made after the material deadline will be charged the full rate.

Finnish Cardiac Society will only communicate with the advertiser company and not with any third parties. It is the advertisers' responsibility to deliver necessary information, such as Media Kit information, to the advertising agency.

Advertising agency copy of the journal is sent directly to the advertiser and it is the advertisers' responsibility to deliver copy to agencies.
